MEMORANDUM

No. 2007-123

To: District Superintendents, Business Managers & Facility Managers
From: Ken Daraie
Date: May 11, 2007
Re: IBS – Interest Based Strategies

Please review the information below regarding the remaining IBS Sessions.

IBS Session 3 – **DATE CHANGE**

The date for Session 3 has been changed to **June 20 – 22** in Casper. Attached is the Session 3 nominee list as of today. Please review and advise me of any revisions or concerns due to the date change. Once I made the revisions, the finalized attendee list will be published.

Session 2 - Reminder

The intent of this session is to develop and determine the state-wide prioritization criteria based upon educational suitability, technology readiness, facility condition and capacity, which will result in appropriate future allocation of funds.

We would like the perspective of superintendents, school board members and community persons which would have an understanding of educational suitability, political and community issues involved with state-wide prioritization.

Please review the "Draft" attendee list that is attached and advise Michele Semones of any additional nominees that may have the perspective as indicated above.

Please feel free to contact me should you have any questions and/or concerns.

Thank You!
